

## Awesome God

Awesome God each thought we ponder  
From before the Mercy Seat  
Fills our hearts with holy wonder  
As we worship at Your feet.

Awesome as the great Creator  
Making matter out of space--  
Quarks and galaxies and greater,  
Life upon this planet's face.

Awesome for the moral glory  
Radiating from above;  
Righteousness obligatory,  
But imposed in perfect love.

Awesome in the incarnation  
That would bring You down to earth,  
To experience creation  
By a humble human birth.

Awesome for our souls' redemption  
From the guilt we had within;  
Suffering as our exemption  
From the ravages of sin.

Awesome God, our souls adore You  
From the bottom of our hearts;  
Earnestly we would implore You,  
Permeate our inmost parts.
