

## Prophetic Sounds

*1 Thessalonians 4:17-19*

I hear the bugle blaring,  
I hear the Savior's shout;  
An angel's voice declaring  
What this is all about.  
The dead in Christ are rising  
To meet Him in the air;  
The living mobilizing  
To join the Lord up there.

*Zechariah 4:4-5*

I hear the mountain splitting  
Beneath the Savior's feet;  
His righteousness acquitting  
The faithful and discreet.  
He's coming as the Lion  
Of Judah's tribe by birth.  
To claim the throne of Zion,  
From which He'll rule the earth.

*Revelation 20:11-14*

I hear the sound of weeping  
As heavens books are read;  
The unrepentant reaping  
The harvest of the dead.  
And those who'd spurned the Savior  
Until their course was run,  
Were judged for their behavior--  
The things they'd said and done.

*2 Peter 3:10-13*

I hear the earth exploding,  
It burns with fervent heat;  
Its elements eroding  
Because they're obsolete.  
I see a new creation  
Brought in to take its place;  
The perfect restoration  
Of righteousness through grace.
