

Little Things

Be careful everybody
Of the little things you do,
To God they may be big things,
And He's always watching you.

Those sins that you've committed
That you thought were only small;
God says they're very wicked
And He knows about them all.

God says we all are sinners
And by rights we ought to die,
But Jesus suffered for us
`cause He loves us from the sky.

Oh, Take Him as your Saviour
(Don't you know He died for you?)
And then just try to please Him
In the little things you do.

The things you do for Jesus
May not seem like very much,
But if He is your Saviour
God will see and honor such.
